Discover Digital Literacy! program's Class #9 Graduated Valentine's Day 2022!

The Center for Aging in the Digital World led by Tak and Mely Sato announced that “On February 14, 2022, we celebrated the nine senior cohorts completing our 16-class Discover Digital Literacy! ("DDL!" for short) program! The celebration was in-person at Advent. These are the inaugural grads at our new Advent home and we can't be happier.” Graduates included Jen and Pete Meckes, Pat Perris, Karen and Jim Edwards, Marilyn Decker, John Urbas, and two others outside the Advent family. Tak is working one-on-one with Mindy Rothrock to strengthen her digital skills. In the process he has saved her a considerable sum on her monthly internet/cable bill and Tak says the “plan is to apply some of that savings to replace her aging laptop that combined with the new "voice command" feature expected to come out in Windows 11, should make it easier for her to use a computer. Thanx for empowering us to help her too!” If you know of others who may be interested in the DDL! program, ask any of the Advent graduates about their experiences. And ask Mindy! What a service to the community!

The Center for Aging in the Digital World has a mission to empower seniors with digital literacy. Advent supports the mission of this non-profit and considers TheCenter to be an extension of the outreach ministry of our church.
